EDUCATION

Roorkee Institute of Technology (Aug2022–Jul 2026)

B.Tech in Computer Science & Engineering

Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating System, Web Development, Programming Fundamentals

Aspiring Software Developer | Frontend Developer | UI/UX Designer

B.Tech CSE 2026 graduate with hands-on experience in software development, frontend development, and UI/UX design. Skilled in Java, C++, Python, JavaScript, React.js, Firebase, and responsive web design. Experienced in building practical web projects and deploying them using GitHub and Vercel. Completed an internship at Leistung Technology, gaining exposure to web design, UI/UX, product design, and digital branding.

SKILLS

- Programming Languages: C++, Python, JavaScript
- Frontend Development: HTML, CSS, React.js, Tailwind CSS, Bootstrap, Responsive Design
- Backend & Database: Firebase Authentication, Firestore, Basic API Integration
- Tools: Git, GitHub, Vercel, VS Code, Figma, Canva
- Core Concepts: Data Structures, OOPs, DBMS, Operating System Basics
- Design Skills: UI/UX Design, Wireframing, Prototyping, User Research, Product Layout Design

PROFESSIONAL EXPERIENCE (Aug 2025 – Jan 2026)

Leistung Technology, Roorkee, Uttarakhand

Software Developer&ProductDesigner (Intern)

- Worked on the company website to improve layout, responsiveness, and overall user experience.
- Designed and optimized web pages for better visual consistency across desktop and mobile devices.
- Created UI/UX designs, product layouts, and digital creatives using tools like Figma and Canva.
- Contributed to product and packaging design projects while maintaining brand consistency.
- Supported social media and digital branding activities to improve the company's online presence.
- Collaborated with team members across design, development, and marketing tasks.

PROJECTS

AttendBook – Attendance Management System

Tech Stack: React.js, Tailwind CSS, JavaScript, Firebase, Vercel

- Built a responsive attendance management web app to help manage student attendance records digitally.
- Designed a clean dashboard and simple user flow for smooth attendance tracking.
- Used Firebase for authentication/database support and deployed the project on Vercel.
- Focused on making the application easy to use across desktop and mobile devices.

StreamFlix – Movie Streaming Web App

Tech Stack: React.js, JavaScript, CSS, Firebase Authentication, Movie API, Vercel

- Developed a movie-streaming web application with login/signup, protected routes, and modern UI.
- Added features such as movie listing, category browsing, movie detail modal, and My List.
- Integrated Firebase Authentication for secure user account handling.
- Designed a responsive interface inspired by modern OTT platforms.

Campus Cravings – College Canteen Website

Tech Stack: HTML, CSS, JavaScript

- Created a responsive website to digitalize college canteen operations.
- Designed a simple and clean interface for students to browse food items easily.
- Improved usability with structured navigation and mobile-friendly layout.
- This project already exists in your old resume, but the wording is now cleaner and stronger.

ACHIEVEMENTS

- Head Coordinator of Urja Club at Roorkee Institute of Technology.
- Successfully coordinated and hosted multiple college events during 2024–2026.
- Built and deployed web projects using React.js, Firebase, GitHub, and Vercel.
- Practiced problem-solving on platforms like LeetCode and HackerRank.

INTERESTS

- Web Design
- Cricket
- Mountain
- Trekking
